Education

Université Constantine 2 | Constantine, Algeria

Bachelor of Science in Computer Science | Expected Graduation: 2026

- **Current Year:** 3rd Year
- **GPA:** 15 / 20 (Very Good)
- **Relevant Coursework:**
 - Web Development (React, Node.js)
 - Database Management Systems (MySQL)
 - Data Structures & Algorithms
 - Object-Oriented Programming (Java)
 - Software Engineering
 - Computer Networks

High School Diploma (Baccalaureate) | Bouhali M Said Secondary School

Field: Experimental Sciences | Graduated: 2023

- **Grade:** 13 / 20
- **Honors:** Good / Mention "Good"

Professional Experience

Freelance Web Developer | Self-Employed

January 2025 - Present

- Developed **Stag.io**, a full-stack internship management platform connecting students with companies
- Built responsive frontend using **React.js** with Tailwind CSS for modern UI/UX
- Implemented secure **JWT authentication** and role-based access control
- Designed and integrated **MySQL database** with complex relationships
- Created **PDF generation** system for internship agreements
- **Impact:** Platform successfully manages **2 users** and **4 internship applications**

Academic Project: E-commerce Website | University Project

September 2024 - December 2024

- Developed a fully functional e-commerce prototype using **React** and **Context API**
- Integrated with **Fake Store API** for product data
- Implemented shopping cart functionality and product filtering
- Created responsive design for mobile and desktop users
- **Impact:** Received highest grade in class (**18/20**) and presented to 50+ students

Team Project: Library Management System | University Project

March 2024 - June 2024

- Collaborated in a team of 4 to build a library management system
- Designed database schema using **MySQL** with 10+ tables
- Built RESTful API with **Node.js** and **Express**
- Created admin dashboard for book and user management
- **Impact:** System successfully tested with **100+ books** and **50+ users**

Projects & Extracurricular

Stag.io Platform | Personal Project

October 2025 - Present

- Building complete internship management platform from scratch
- Technologies: **React, Node.js, Express, MySQL, JWT, Tailwind CSS**
- Features: User authentication, internship posting, applications, PDF generation
- GitHub repository with **20+ commits** and detailed documentation

Tech Club Member | Université Constantine 2

October 2024 - Present

- Participate in weekly coding workshops and hackathons
- Help organize tech events with 30+ attendees
- Mentor first-year students in programming basics (HTML, CSS, JavaScript)

CodeFest 2025 Participant | University Hackathon

November 2025

- Participated in 24-hour hackathon with team of 4 students
- Developed "**EcoTrack**" - a mobile app for tracking carbon footprint
- Built prototype using React and Firebase in less than 24 hours
- Presented project to jury of 5 professors and industry experts
- **Achievement:** Reached semi-finals among 30+ participating teams
- **Skills gained:** Rapid prototyping, teamwork under pressure, time management

Open Source Contribution | GitHub

2025

- Contributed to **freeCodeCamp** repository by fixing **2** bugs in documentation
- Submitted pull requests for improving code examples
- Learned collaborative development workflow and code review process

Accomplishments & Leadership

Best Project Award | Web Development Course

January 2025

- Awarded best project for E-commerce website
- Recognized for clean code and user-friendly interface

Academic Excellence | Université Constantine 2

2024 - 2025

- Dean's List for two consecutive semesters
- Top 10% of class in programming courses

Team Leader | Library Management System Project

Spring 2024

- Led team of 4 students in successful project delivery
- Coordinated tasks and ensured timely completion
- Presented final project to professors and classmates

Skills

Programming Languages

text

- ✓ JavaScript (Intermediate)
- ✓ HTML5/CSS3 (Advanced)
- ✓ SQL (Intermediate)
- ✓ Java (Basic)
- ✓ Python (Basic)

Frameworks & Libraries

- text
- ✓ React.js (Intermediate)
- ✓ Node.js (Intermediate)
- ✓ Express.js (Intermediate)
- ✓ Tailwind CSS (Intermediate)
- ✓ Bootstrap (Basic)

Tools & Technologies

- text
- ✓ Git & GitHub (Intermediate)
- ✓ VS Code (Advanced)
- ✓ MySQL (Intermediate)
- ✓ Postman (Intermediate)
- ✓ Figma (Basic)
- ✓ Chrome DevTools (Intermediate)
- ✓ Microsoft Office Suite
- ✓ Canva

Soft Skills

- text
- ✓ Problem Solving
- ✓ Team Collaboration
- ✓ Time Management
- ✓ Communication
- ✓ Adaptability
- ✓ Attention to Detail
- ✓ Self-learning
- ✓ Project Management

 Languages

Language	Proficiency	Details
Arabic	Native	Mother tongue

French	Advanced (C1)	Reading, Writing, Speaking
English	Intermediate (B1)	Reading, Writing, Technical documentation

GitHub Statistics

text

Total Repositories: 5 Stars Received: 2
Total Commits (2025): 45 Forks: 1
Most Used Languages:
• JavaScript: 60%
• HTML/CSS: 25%
• SQL: 10%
• Other: 5%

Certifications & Courses

Course	Platform	Year
The Complete React Guide	Udemy	2025
Node.js Bootcamp	Udemy	2025
MySQL for Beginners	Coursera	2025
Git & GitHub Masterclass	YouTube	2024
JavaScript Algorithms & Data Structures	freeCodeCamp	2024
Responsive Web Design	freeCodeCamp	2024

Current Focus & Goals

Currently Learning:

- Advanced React patterns (Hooks, Context API)
- TypeScript for type-safe development
- RESTful API best practices
- Database optimization techniques

Future Goals (6-12 months):

- Complete [Stag.io](#) platform deployment
- Learn MongoDB for NoSQL databases
- Contribute to open source projects
- Secure internship at tech company
- Build 3 more full-stack projects

Availability

Type	Status
Internship Type	Full-time / Part-time / Remote
Start Date	June 2026 / Flexible
Duration	1-6 months
Preferred Location	Constantine / Remote
Work Authorization	Algerian citizen
